

ANNOUNCEMENT

DATE: March 11, 2015

TO: All Personnel

FROM: Curt Glaser, Human Resources Manager

SUBJECT: Passing of Fire Engineer Peter George

San Diego Fire-Rescue Engineer Peter George answered his last alarm on March 5, 2015. He was 48 years old.

Peter was born at Mercy Hospital on May 20th 1966 in San Diego, California. He grew up in Rancho Bernardo and attended St. Michael's School in Poway from 1st through 8th grade. He graduated from Poway High, went on to Miramar College, and worked at Sony before entering the Army. He joined the San Diego Fire Department in 1990. He promoted to the rank of Fire Engineer in September 2009. He was assigned to Fire Station 42 at the time of his death.

Peter had a generosity and kindness that would not quit. He loved to tease, joke, and live life to its fullest, like the time he drove the family car in fast circles in the church parking lot at the age of 13. Maybe these early high speed maneuvers prepared him for his future job as Fire Engineer

Peter loved his family and friends, loved his job, and loved to read. He was adored by his nieces, nephews, and cousins. From early childhood, Peter always had a pack of friends where ever he went. Peter was a huge Chargers fan, faithfully purchasing season tickets each year and enjoying tailgating with his friends.

Peter was married and has a wonderful son, Carson who attends Chico State. Peter was a loving father whose thoughts were always with his son. His last text message the day was taken from this world was to Carson telling him, "Put in the time studying and you will do well."

Peter leaves behind his son Carson, the love of his life, his father George, his mother Jo Ann, his brothers Greg and Jeff, sister Jennifer, and all his extended family and many great friends.
